

Information from the ISO about protection class ratings in Central Fire District, Jefferson County, Idaho response area.

The ISRB, Inc has completed its recent rating survey of the Central Fire District and advises that the protection classes are as follows:

Class 4 applies to all property within 600 feet of a hydrant- pumper connection on the following water systems: City of Rigby and the City of Ririe Water Systems.

Class 8 applies to all residential dwellings within 5 miles of a fire station.

Class 9 applies to all commercial property and farms within 5 miles of a fire station.

Class 9 applies to all properties between 5 and 10 miles from stations.

Class 10 applies to all property beyond 10 miles from a fire station

These new protection classes will be effective July 1, 2011.
