Swearing in New Hires: Chelsie Roberts, Jordan Moore, and Ethan Lewis. Welcome to Central Fire District!

OLD BUSINESS:

1. Ririe Station Update: The building permit was finally approved. They have started moving forward on building. Dennis Wilkinson gave an update on ICRMP claim, unfortunately we are still waiting for another response from them. We are still working with ICRMP in good faith; it is a good sign that we are still in correspondence.
2. Station Security Door Locks Update: The door security system for Station 1 and Station 5 is complete. Chief White presented Station 2 is still having issues with the doors. There are times when we respond to the station and door locks won't work. Jim motions to approve Station 2 security upgrade. Mike seconded and voting was unanimous by Jim, Mike, Dallin, Kyle and Wynn in the affirmative.
3. SCBA Upgrade Updates: We have placed the order and finalized the paperwork. ETA for the order is mid-October 2026.

NEW BUSINESS:

1. New Engine Purchase Queue Placement: Engine 5, the front-line engine will need to be replaced in the next year. There are stock units available through Pierce that come up for sale every 6 months. This option would be purchasing a truck that has already been built versus placing a custom order. We would like to ask to get in the queue for the next truck the district needs to purchase. Due to the ongoing discussion with ICRMP and unknown timeline of finalizing the claim Kyle motions to table this item and visit it again next
